

Call for Posters

Postgraduate Research Poster Exhibition 2026

Department of Computer Science and Engineering (CSE), BUET

The Department of Computer Science and Engineering (CSE), Bangladesh University of Engineering and Technology (BUET), is pleased to announce the **Postgraduate Research Poster Exhibition 2026**. This event aims to showcase ongoing and completed research by postgraduate students, fostering academic exchange, collaboration, and innovation.

Eligibility: All current MSc, MEngg, and PhD students of CSE, BUET, as well as students who completed their post-graduate degrees within the last year, are invited to participate. Submissions from any research area of CSE are welcome.

Submission Process: Poster submissions must be made through a supervisor or postgraduate course teacher. Interested students should first contact their supervisor or a relevant postgraduate course teacher to discuss the suitability of their topic and poster. Eligible students should prepare their posters and share them with the corresponding supervisor or course teacher by **31 July 2026**. Submission links have already been shared with the supervisors and course teachers, who will review and submit selected posters for further consideration.

Guidelines:

- The poster size should be 3 feet (width) by 2 feet (height).
- We encourage you to come up with your own template, but some example templates are available at <https://bit.ly/cse-poster-templates>
- Clearly present the research problem, motivation, methodology, results, and conclusions
- Include author name(s), supervisor(s)/course teacher(s), and affiliation
- Posters should be visually engaging and suitable for a general technical audience
- Images in the posters must be high resolution, and no copyrighted material can be used
- We recommend a quick check to ensure printing quality: set your slide size to 36×24 inches (3×2 feet) and zoom to 300%. If all text and images remain sharp, they are good to go. If anything looks blurry, replace that with a higher-quality version.
- Posters will be printed by the department

Awards:

- Best Poster Awards will be given based on originality, clarity, visual presentation, and impact
- Selected posters will continue to be displayed in the department

For any queries, please contact: nnurain@cse.buet.ac.bd

We look forward to your enthusiastic participation!
